CME Webinar

Pins & Needles- Perspectives from a Neurologist & a Pain Physician

Neuropathic pain is frequently felt as a numbing or tingling pain. Appropriate management starts with accurate assessment and diagnosis of neuropathic pain. The speakers (a neurologist and a pain physician) will share their experiences in managing painful diabetic neuropathy, a common neuropathic pain condition.

9 November 2022, Wed

1900 – 2000 hours (SGT)

Registration is free

Speaker : Dr Ng Peng Soon
MBBS, MRCP(UK), FRCP
Senior Consultant Neurologist

Dr Ng Peng Soon is a neurologist with sub-specialty interest in neuromuscular disorders and neurophysiology. He completed a one-year fellowship in neuromuscular disorders (nerve) at Mayo Clinic, Rochester, U.S.A in 2017. His research collaboration with Mayo Clinic had led to several publications on diabetic and non-diabetic lumbosacral radiculoplexus neuropathy.

Speaker : Dr Ong Say Yang
MBBS, MMed, FANZCA, FFPMANZCA
Senior Consultant Anaesthetist & Pain Physician

Dr Ong Say Yang is a senior consultant anaesthetist and pain physician. He underwent a one-year fellowship in chronic pain management in Adelaide in 2018. His clinical interests are in pain management, regional and obstetric anaesthesia. He is the current pain service lead for Alexandra Hospital and divides his clinical time between the National University Hospital and Alexandra Hospital. Dr Ong is also the current President of the Pain Association of Singapore.

Chair : Dr Singh Prit Anand
FRCA, FFPMRCA
Senior Consultant Anaesthetist & Pain Physician
